

JADE™ doesn't just filter pollutants,  
it deactivates them.

## Surgically Clean Air® JADE Air Purifier

A-dec and Surgically Clean Air are partnering to bring you the JADE Air Purifier. With six stages of filtration technology, JADE is one of the world's most advanced stand-alone air purifiers. Now, knowing there's another level of reassurance in every operatory, your patients and staff can breathe a bit easier.

### ROBUST TECHNOLOGY

Multiple distinct stages filter, clean and re-energize indoor air.

### LARGE CAPACITY AIRFLOW

Cleans and purifies up to 2,000 cubic feet, with six air changes per hour.

### ULTRA QUIET

Sound-dampening design keeps decibel levels softer than normal conversation.

### LOW OPERATING COST

Low energy usage makes JADE an affordable air purifying solution.

# Surgically Clean Air JADE Air Purifier

## FEATURES

- Monitors and displays air quality and particulate levels in real time.
- Prevents potential cross-contamination with touchless controls.
- Removes up to 99.998% of viruses, toxins, pollutants and airborne pathogens.
- Re-energizes air using ionic technology.
- Minimizes facility odors using activated carbon filter.
