

PATTERSON COMPANIES PRODUCT SUBMISSION FORM—MERCHANDISE

Your products are important to us. Please provide the following information and all required collateral material with new product submissions. The more information you are able to provide, the more thorough we can be when promoting your products. If a product undergoes a change of any kind, a new form should be submitted.

COMPANY NAME: _____

ADDRESS: _____

GENERAL INFORMATION: _____

PHONE: _____

FAX: _____

EMAIL: _____

WEBSITE: _____

Are we currently doing business with your company? Y N

Are any of your products currently stocked in Patterson distribution centers? Y N

*If the answer to either question above is No, please contact our product submissions team for a new vendor setup form:
productsubmissions@pattersondental.com*

Example(s) of products or service currently offered through Patterson:

Is this a branded or private label product? Branded Private Label

PRODUCT INFORMATION

Fields must be completed in order for product to be considered.

Only one form along with a list of item numbers, descriptions and pricing needs to be submitted for a product family submission where the same Safety Data Sheet (if applicable) covers the entire product family. If items within the product family contain different Safety Data Sheets, then a separate form is required for the different items covered by each Safety Data Sheet.

For simple line item extensions such as new sizes, shapes, flavors or colors being added to an already existing line on the Patterson system, this form is not necessary; a listing of the item numbers, descriptions and prices is sufficient. Please provide the listing with a reference to the existing Patterson item numbers which the line item extension belongs with.

Formal product name (including proper trademarks):

PRODUCT INFORMATION (CONTINUED)

Product description (max of 255 characters including spaces):

Manufacturer item number: _____

Market introduction date and product availability date: _____

If this product is part of a product line we currently carry or a product line with multiple items, please include all of the items with this request. Attach a separate Microsoft Excel file or Word document with all of the products and manufacturing numbers. Do not enter more than one manufacturer item number here. If there is a different manufacturer item number assigned to case lot packaging, please provide that information.

What is the primary purpose/use/category for this product? Please note: if product is or can be used as any type of cleaner or disinfectant, then you must answer the following questions or the product will not be considered.

What products currently on the market compete with this product?
