SOLEA SOFTWARE UPGRADES

Solea software and computer controls is what makes the laser's performance so unique. Convergent Dental is committed to continuously enhancing the Solea Software with improved features and functionality, resulting in improved cutting speed, ease of use, and patient comfort. Keeping your investment up-to-date is simple with Solea Prime.

YOU'RE COVERED

Solea Prime covers on-site repairs or replacement of hardware components, labor and travel fees, out-of-warranty repair costs and customer support by phone or internet under one easy worry-free service contract.

A GREAT VALUE

Being a Solea Prime member is a great value for Solea dentists. On-site support, preventative maintenance, Solea Software upgrades, phone support and access to SoleaDoctors.com can cost three times more when purchased individually each year. One repair bill can easily exceed the price of your Solea Prime plan. Being a Solea Prime member delivers both the value and exceptional service to ensure optimal performance with your laser.
