| <b>OSHA Regulated:</b> N/A                             |                        |                             |
| <b>Signs and Symptoms of Exposure:</b> N/A             |                        |                             |

## Section IV – First Aid Measures

|                                                                                       |                                                             |
|---------------------------------------------------------------------------------------|-------------------------------------------------------------|
| <b>Eyes:</b> Flush with large quantity of water for 15 minutes and seek medical help. | <b>Skin:</b> Wash thoroughly with water.                    |
| <b>Ingestion:</b> Non-toxic. Give milk or water.                                      | <b>Inhalation:</b> No treatment should be required.         |
| <b>Work/Hygienic Practices:</b> Normal care and cleanliness.                          | <b>Other Protective Clothing or Equipment:</b> Not required |

## Section V - Fire and Explosion Hazard Data

|                                                |                                            |
|------------------------------------------------|--------------------------------------------|
| <b>Flash Point:</b> None                       | <b>Flammable Limits:</b> LEL: N/A UEL: N/A |
| <b>Extinguishing Media:</b> N/A                |                                            |
| <b>Special Fire Fighting Procedures:</b> N/A   |                                            |
| <b>Unusual Fire and Explosion Hazards:</b> N/A |                                            |

## Section VI - Precautions for Safe Handling and Use

|                                                                                                               |
|---------------------------------------------------------------------------------------------------------------|
| <b>Steps to Be Taken in Case Material is Released or Spilled:</b> Place material in sealed plastic container. |
| <b>Waste Disposal Method:</b> Dispose of material in accordance with local, state and federal regulations.    |

## Section VII – Handling and Storage

|                                                                                     |
|-------------------------------------------------------------------------------------|
| <b>Handling and Storage Precaution:</b> Place material in sealed plastic container. |
|-------------------------------------------------------------------------------------|

## Section VIII – Exposure Controls / Personal Protection

|                                                                 |                                                              |
|-----------------------------------------------------------------|--------------------------------------------------------------|
| <b>Ventilation:</b> Not required for use of final product       | <b>Local Exhaust:</b> Not required for use of final product  |
| <b>Mechanical:</b> Not required for use of final product        | <b>Other Protective Clothing or Equipment:</b> Not required  |
| <b>Protective Gloves:</b> Not required for use of final product | <b>Eye Protection:</b> Not required for use of final product |
| <b>Work/Hygienic Practices:</b> Normal care and cleanliness.    |                                                              |

## Section IX - Physical/Chemical Characteristics

|                                                                  |      |                                               |     |
|------------------------------------------------------------------|------|-----------------------------------------------|-----|
| <b>Boiling Point (°C):</b>                                       | None | <b>Specific Gravity (H<sub>2</sub>O = 1):</b> | 1.7 |
| <b>Vapor Pressure (mm Hg.):</b>                                  | <30  | <b>Melting Point (°C):</b>                    | N/A |
| <b>Vapor Density (AIR = 1):</b>                                  | <1   | <b>Evaporation Rate (Butyl Acetate = 1):</b>  | <1  |
| <b>Solubility in Water:</b> Disperses but not soluble.           |      |                                               |     |
| <b>Appearance and Odor:</b> Thick pink mud with peppermint odor. |      |                                               |     |

## Section X - Reactivity Data

|                                                   |                         |                                               |
|---------------------------------------------------|-------------------------|-----------------------------------------------|
| <b>Stability:</b> Stable                          | <b>Unstable:</b> Stable | <b>Conditions to Avoid:</b> Avoid overheating |
| <b>Incompatibility - Materials to Avoid:</b> N/A  |                         | <b>Oxidizing Agents:</b> N/A                  |
| <b>Hazardous Decomposition or Byproducts:</b> N/A |                         |                                               |
| <b>Hazardous Polymerization:</b> None             |                         |                                               |

## Section XI – Toxicological Information

|                                                                                                    |
|----------------------------------------------------------------------------------------------------|
| <b>Swallowing:</b> Ingestion is unlikely to have any toxic effects. Non-toxic. Give milk or water. |
|----------------------------------------------------------------------------------------------------|

## Section XII – Ecological Information

|                      |
|----------------------|
| No hazards expected. |
|----------------------|

### Section XIII – Disposal Conditions

**Waste Disposal Method:** Place material in sealed plastic container. Dispose of material in accordance with local, state and federal regulations.

### Section XIV – Transportation Information

**DOT Classification:** This product is not regulated by DOT.

**IMDG Classification:** This product is not regulated by IMDG.

**ICAO Classification:** This product is not regulated by ICAO.

### Section XV – Regulatory Information

**U.S. Regulatory Information:** All ingredients of this product are listed or are excluded from listing under the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

### Section XVI – Other Information

#### HMIS Rating

Health: 0

Fire: 0

Reactivity: 0

#### LEGEND

|          |                                   |
|----------|-----------------------------------|
| STP      | Standard temperature and pressure |
| W/W      | Weight/Weight                     |
| 0 (HMIS) | Minimal Hazard                    |
| 1 (HMIS) | Slight Hazard                     |
| 2 (HMIS) | Moderate Hazard                   |
| 3 (HMIS) | Serious Hazard                    |
| 4 (HMIS) | Severe Hazard                     |

Recommended Uses and Restrictions: Use per labeling instruction.
