### 4 First-aid measures

#### · Description of first aid measures

• After inhalation Supply fresh air and to be sure call for a doctor.

- After skin contact immediately wash with water and soap and rinse thoroughly.
- · After eye contact
- Rinse opened eye for several minutes under running water. Then consult a doctor.
- After swallowing
- Rinse out mouth and then drink plenty of water.
- If symptoms persist consult doctor.

## Safety Data Sheet according to HPR, Schedule 1

Printing date 08/26/2021

Reviewed on 08/26/2021

### Trade name: iBond Self Etch

#### · Information for doctor

Most important symptoms and effects, both acute and delayed

- No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

### 5 Fire-fighting measures

#### • Extinguishing media

• Suitable extinguishing agents

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

- Special hazards arising from the substance or mixture
- Can form explosive gas-air mixtures.
- Formation of toxic gases is possible during heating or in case of fire.
- Advice for firefighters
- Protective equipment: Do not inhale explosion gases or combustion gases.
- · Additional information -

### 6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Wear protective equipment. Keep unprotected persons away.
- Environmental precautions: Prevent seepage into sewage system, workpits and cellars. • Methods and material for containment and cleaning up:

Absorb with liquid binding material (diatomite, universal binders, for small amounts tissues). Ensure adequate ventilation.

Send for recovery or disposal in suitable receptacles.

- **Reference to other sections** See Section 13 for disposal information. See Section 8 for information on personal protection
- See Section 8 for information on personal protection equipment.

### 7 Handling and storage

#### · Handling

- Precautions for safe handling
- Keep receptacles tightly sealed.
- Ensure good ventilation/exhaustion at the workplace.
- Information about protection against explosions and fires:
- Keep ignition sources away Do not smoke.
- Protect against electrostatic charges.
- · Conditions for safe storage, including any incompatibilities

#### Storage

- Requirements to be met by storerooms and receptacles: Store in a cool location.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions:
- Keep receptacle tightly sealed.
- Protect from exposure to the light.

· Specific end use(s) No further relevant information available.

### 13 Disposal considerations

- Waste treatment methods
  - Recommendation

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

Disposal must be made according to official regulations.

- Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.
  - · Recommended cleansing agent: Water, if necessary with cleansing agents.
