# **SAFETY DATA SHEETS**

# This SDS packet was issued with item:

074582656

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

074582482 074582490 074582508 074582516 074586517 074586525 074586541 074586558

# **SAFETY DATA SHEET**

Effective Date 17-Nov-2016 Version 1

# 1. IDENTIFICATION

**Product Identifier** 

Product Name JET SET-4 DENTURE REPAIR POWDER

Other means of identification

**SDS#** 074

**Product Code** 4720, 4730, 4723, 4734

Recommended use of the chemical and restrictions on use

Recommended Use Denture repair

Details of the supplier of the safety data sheet

Supplier Address Lang Dental Mfg. Co., Inc.

175 Messner Dr. Wheeling, IL 60090

USA

Emergency telephone number

Company Phone Number 1-847-215-6622

Emergency Telephone (INFOTRAC) 1-352-323-3500 (International)

1-800-535-5053 (North America)

Authorized European Representative MediMark® Europe SARL

11, rue Emile Zola – BP 2332 38033 Grenoble Cedex 2

France

Tel: +33 476 86 43 22 Fax: +33 476 17 19 82

## 2. HAZARDS IDENTIFICATION

# Classification

Skin sensitization Category 1

Signal word Warning

<u>Hazard statements</u> H317 May cause an allergic skin reaction.

Physical State Powder Appearance Fine, pink Odor Faint odor in bulk

Precautionary Statements - Prevention

P261 Avoid breathing dust, fumes, gas, mist, vapors or spray.

P264 Wash hands and exposed skin thoroughly after handling.

P272 Contaminated work clothing should not be allowed out of the workplace.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

Precautionary Statements - Response

P363 Wash contaminated clothing before reuse.

P302+P352 IF ON SKIN: Wash with soap and water.

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

## Precautionary Statements - Disposal

P501 Dispose of contents/container to an approved waste disposal plant.

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Name	CAS No	Weight - %	Trade Secret
Polymer	9011-14-7	< 90	*
Polymer	9003-42-3	< 20	*
Diethyl Phthalate	84-66-2	< 10	

<sup>\*</sup>Specific chemical weight has been withheld as a trade secret.

# 4. FIRST AID MEASURES

#### First aid measures

**Inhalation** Remove to fresh air. Get medical attention if discomfort persists.

Eye contact Rinse immediately with plenty of water, including under the eyelids, for at least 15 minutes. If irritation persists,

get medical advice / attention.

Ingestion Do NOT induce vomiting. Drink plenty of water or milk immediately. If vomiting, continue to offer water or milk.

Never give anything by mouth to an unconscious person. Call a physician or poison control center

immediately and provide an estimate of when and how much material was ingested.

**Skin Contact**Wash with soap and water. If irritation persists, call a physician. Take off contaminated clothing and wash

before reuse.

#### Most important symptoms and effects, both acute and delayed

**Symptoms** Skin contact may aggravate an existing dermatitis. Direct contact with eyes may cause temporary irritation.

#### Indication of any immediate medical attention and special treatment needed

## 5. FIRE-FIGHTING MEASURES

## **Extinguishing Media**

**Suitable:** Water, Chemical (alcohol-resistant) foam, dry chemical or carbon dioxide (CO<sub>2</sub>).

**Unsuitable:** Water may not be effective in extinguishing this fire.

## Specific hazards arising from the chemical

Polymers are combustible dusts, care should be taken to avoid creating explosive concentrations in the air. Follow grounding procedures.

#### **Special Fire Fighting Procedures**

Avoid extinguishing methods, which may generate dust clouds. Water stream can disperse dust into air producing a fire hazard and possible explosion hazard if exposed to ignition source. Firefighters should wear self-contained breathing apparatus.

## Protective equipment and precautions for firefighters

For bulk size: Polymer dust is combustible. The explosive limits of the polymer particles suspended in air are approximately those of coal dust. Polymers are sensitive to static discharge, follow grounding and bounding procedures. Polymers are not sensitive to mechanical impacts.

## 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

thoroughly before reuse.

#### Methods and material for containment and clean-up

**Method for containment** Prevent further leakage or spillage if safe to do so.

Method for clean-up Sweep up to avoid slipping hazard. Keep airborne particulates at a minimum when cleaning up

spills. Clean up in accordance with all applicable regulations. Wash all affected areas with plenty of

warm water and soap.

## 7. HANDLING AND STORAGE

#### Precautions for safe handling

Advice on safe handling Use only in well-ventilated areas. Avoid contact with skin, eyes or clothing. Avoid breathing dust or

fume. Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly

after handling. Do not eat, drink or smoke when using this product.

#### Conditions for safe storage, including any incompatibilities

Storage Conditions Keep containers tightly closed to prevent water absorption and contamination. Store in a dry, cool

and well-ventilated place away from direct sunlight or other sources of light or intense heat.

Temperature not to exceed 35°C.

Packaging materialsKeep in original container.Incompatible materialsStrong oxidizing agents

# 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

## **Exposure guidelines**

Chemical Name	ACGIH TLV	OSHA PEL	NIOSH IDLH
Diethyl Phthalate	TWA: 5 mg/m <sup>3</sup>		TWA: 5 mg/m <sup>3</sup>

## Appropriate engineering controls

Apply technical measures to comply with the occupational exposure limits. When working with large quantities of product, provide adequate ventilation (e.g. local exhaust ventilation, fans). Ensure that an eyewash station, sink or washbasin is available in case of exposure to eyes. Use good local exhaust at processing equipment, including buffers, sanders, grinders and polishers.

### Individual protection measures, such as personal protective equipment

Eye / face protection Depending on the use of this product, safety glasses or goggles may be worn. If necessary, refer to

US OSHA 29 CFR SS1910.133, Canadian standards or the European Standard EN 166. Ensure

that an eyewash station, sink or washbasin is available in case of exposure to eyes.

Skin and body protection If anticipated that prolonged and repeated skin contact will occur during use of this product, wear

gloves for routine industrial use. If necessary, refer to US OSHA 29 CFR SS1910.138 or the

appropriate standards of Canada or the EC member states.

Respiratory protection No special respiratory protection is required under typical circumstances of use or handling. If

necessary, use only respiratory protection authorized per US OSHA requirement in 29 CFR SS

1910.134, or applicable US state regulations, or the appropriate standards of Canada, its

provinces, EC member states or Australia. VENTILATION: Local exhaust at processing equipment.

General hygiene considerations Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical state Powder Odor Faint odor in bulk **Appearance** Fine Odor threshold Not determined

Color Pink

**Property Values** Remarks / Method

Not determined pН Melting point / freezing point Not determined Boiling point / boiling range Not applicable Flash point 304°C / 577°F **Evaporation rate** Not applicable Flammability (solid, gas) Non-flammable

Flammability limits in air

Upper flammability limit Not applicable Lower flammability limit Not applicable Not applicable Vapor pressure Vapor density Not applicable Specific gravity Not determined Water solubility Insoluble in water Solubility in other solvents Not determined Partition coefficient Not determined Auto ignition temperature Not determined **Decomposition temperature** Not determined Kinematic viscosity Not determined **Dynamic viscosity** Not determined **Explosive properties** Not determined Oxidizing properties Not determined

## 10. STABILITY AND REACTIVITY

Not reactive under normal conditions Reactivity

Chemical stability Stable under recommended storage conditions

Possibility of hazardous reactions None under normal processing

> Hazardous polymerization Does not occur.

Conditions to avoid Heating above 240°C / 464°F Incompatible materials Strong oxidizing agents

Hazardous decomposition products Methacrylate monomer, oxides of carbon when burned

# 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposures

Product information This product has not been tested on animals to obtain toxicology data.

> Inhalation Not expected to be an inhalation hazard under normal conditions of intended use

Eve contact Avoid contact with eyes. Skin contact Avoid contact with skin. Ingestion Do not taste or swallow.

Information on physical, chemical and toxicological effects

See Section 4. Symptoms

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Carcinogenicity Not classifiable as a human carcinogen (IARC group 3)

Numerical measures of toxicity - Product Not determined

# 12. ECOLOGICAL INFORMATION

Ecotoxicity There is no specific data available for this product; however, very large releases may be harmful or fatal to overexposed

aquatic life.

 Persistence and degradability
 Not determined

 Bioaccumulation
 Not determined

 Mobility
 Not determined

 Other adverse effects
 Not determined

## 13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal of wastes Follow all local and national government regulations in disposing material or contaminated

packaging.

Contaminated Packaging For bulk only: Reuse of empty drums or containers is not recommended. Employees should be

advised of the potential hazards due to residual material associated with empty containers. Dispose of all empty containers properly in accordance with federal, state and local regulations.

## 14. TRANSPORTATION INFORMATION

DOTNot regulatedIATANot regulatedIMDGNot regulated

## 15. REGULATORY INFORMATION

#### **International Inventories**

TSCA For use in FDA regulated products only United States Toxic Substances Control Act, Section 8(b) Inventory

SARA No

**DSL** Listed Canadian Domestic Substances List

**EINECS** Listed

**EU Regulations** EC No. 1272/2008 (CLP) Classification, Labeling, Packaging

Medical Devices Directive 93/42/EEC - Class I Medical Devices

US State Right-to-know Regulations None

## 16. OTHER INFORMATION
