```
Ingestion Effects:
 Symptoms of Acute Exposure:
The LD-50 (oral rat) for Tetric EvoCeram is > 5000 mg/kg.
Chronic Skin Effects:
 Symptoms of Chronic Exposure:
Prolonged or frequently repeated skin contact with the uncured material
may cause allergic skin reactions.
Carcinogenicity:
 Potential Carcinogen: No
NTP: No
IARC: No
OSHA Req.: No
Teratogenicity:
No
Embryo Toxicity:
No
Sensitization:
No
Reproductive Toxicity:
NO

```

Eye Contact: Flush with plenty of water. Consult a physician if irritation persists. Skin Contact: Wash thoroughly with soap and water. Inhalation: Remove victim to fresh air. Ingestion: No hazards anticipated from swallowing small amounts incidentally to normal handling. SECTION 7 : Reactivity Data Chemical Stability: Stable If No... Under What Conditions: Not Applicable. Incompatibilities with Other Materials: Incompatibility with other Substances: Yes If So... Which Ones: Avoid exposure of product to light. Reactivity: Reactivity and Under What Conditions: Avoid excessive heat and sunlight. Hazardous Polymerization: Will not occur. SECTION 8 : Precautions For Safe Handling Spill Cleanup Measures: Clean up mechanically. Dispose of according to local and national regulations. Storage: Store at 2-28 deg C/36-82 deg F. Waste Disposal: Take to an approved landfill or a waste incineration plant, under conditions approved by the local authority. Transportation Information: Shipment: Not Applicable SECTION 9 : Control Measures Ventilation System: Good general ventilation should be sufficient. Hand Protection Description: Gloves: Yes Eye/Face Protection: Safety goggles **Respiratory Protection:** Not required. Other Protective: Avoid direct contact with eyes and skin.

MSDS Revision Date: November 18, 2004 MSDS Author: Anderjeet Gulati Phone: (716) 691-0010 Disclaimer: The information and recommendations are taken from sources believed to be accurate; however, Ivoclar Vivadent, Inc. makes no warranty with respect to the accuracy of the information or the suitability of the recommendation and assumes no liability to any user thereof.

# **1** Identification

- · Product identifier
- · Trade name: Tetric EvoCeram

· Application of the substance / the mixture Light-curing resin-based dental restorative material

Details of the supplier of the safety data sheet
Manufacturer/Supplier: Ivoclar Vivadent Inc.
175 Pineview Drive, Amherst, N.Y. 14228 USA Tel. +1 800 533 6825 Fax +1 716 691 2285

# 2 Hazard(s) identification

# · Classification of the substance or mixture

Skin Irrit. 2H315Causes skin irritation.Eye Irrit. 2AH319Causes serious eye irritation.Skin Sens. 1H317May cause an allergic skin reaction.

- · Label elements
- *GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS).*
- · Hazard pictograms

· Signal word Warning

Hazard-determining components of labeling: urethane dimethacrylate Bis-GMA
Hazard statements Causes skin irritation. Causes serious eye irritation.

#### · Chemical characterization: Mixtures

• Description: Mixture of the substances listed below with nonhazardous additions.

· Dangerous	components:
-------------	-------------

2 mgerous components		
CAS: 72869-86-4	urethane dimethacrylate	≥2.5-<10%
CAS: 36425-15-7	Bis-GMA	≥2.5-<10%
CAS: 13760-80-0	ytterbium trifluoride	≥2.5-<10%

# **4** First-aid measures

· Description of first aid measures

• After inhalation:

Supply fresh air and to be sure call for a doctor.

- In case of unconsciousness place patient stably in side position for transportation.
- · After skin contact: Rinse with water.

· After eye contact:

- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: If symptoms persist consult doctor.
- · Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

#### **5** *Fire-fighting measures*

· Extinguishing media

• Suitable extinguishing agents:

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

• Special hazards arising from the substance or mixture No further relevant information available.

• Advice for firefighters

· Protective equipment: No special measures required.

#### **6** Accidental release measures

- · Personal precautions, protective equipment and emergency procedures Not required.
- · Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- · Methods and material for containment and cleaning up: Pick up mechanically.

#### · Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

#### 7 Handling and storage

#### · Handling:

• *Precautions for safe handling* Only adequately trained personnel should handle this product. For use in dentistry only.

• Information about protection against explosions and fires: No special measures required.

- Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: Store only in the original receptacle.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions:
- Protect from exposure to the light.
- Protect from heat and direct sunlight.

Keep receptacle tightly sealed.

Specific end use(s) No further relevant information available.

#### 8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.

- · Control parameters
- · Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

• Additional information: The lists that were valid during the creation were used as basis.

- · Exposure controls
- · Personal protective equipment:
- General protective and hygienic measures: Usual hygienic measures for dental practice and dental laboratories. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Keep away from foodstuffs, beverages and feed.

• Breathing equipment: Not required.

### • Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

• Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

#### · Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

#### · Not suitable are gloves made of the following materials:

*Commercial medical gloves do not provide protection against the sensitizing effect of methacrylates.* • *Eye protection: Safety glasses* 

Information on basic physical and	chemical properties	
General Information		
Appearance:	2	
Form:	Pasty	
Color:	According to product specification	
Odor:	<i>Characteristic</i>	
Odor threshold:	Not determined.	
pH-value:	Not applicable.	
Change in condition		
Melting point/Melting range:	Undetermined.	
Boiling point/Boiling range:	Undetermined.	
Flash point:	Not applicable.	
Flammability (solid, gaseous):	Not determined.	
Auto igniting:	Product is not selfigniting.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits:		
Lower:	Not determined.	
Upper:	Not determined.	
Vapor pressure:	Not applicable.	
Density at 20 °C (68 °F):	2.1 g/cm <sup>3</sup> (17.525 lbs/gal)	
Relative density	Not determined.	
Vapor density	Not applicable.	
Evaporation rate	Not applicable.

#### 10 Stability and reactivity

· Reactivity No further relevant information available.

• *Chemical stability Stable under normal handling and storage conditions.* 

Photoreactive (Danger of polymerization).

- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid

Keep away from heat and direct sunlight.

- Protect from exposure to the light.
- · Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: None under normal conditions of storage and use.

#### **11 Toxicological information**

· Information on toxicological effects

- Acute toxicity:
- on the skin: No irritant effect.
- on the eye: Irritating effect.
- · Sensitization: Sensitization possible through skin contact.
- Additional toxicological information: No further relevant information available.

#### · Carcinogenic categories

#### · NTP (National Toxicology Program)

None of the ingredients is listed.

#### · OSHA-Ca (Occupational Safety & Health Administration)

· Toxicity

- Aquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- *Mobility in soil* No further relevant information available.
- Additional ecological information:

• General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
